## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

1. Claims 1-35 are allowable over the prior art.
2. The following is an examiner's statement of reasons for allowance:

With respect to claims 1, 15, 20, & 23, US 4,931,657 to Houston et al appears to disclose the use of light sources on both sides of a medium through the use of light source (100), but the teachings of Houston et al disclose the replacement of light source (100) with strobe light (200) as mentioned in the response to the previous office action. US 6,291,829 B1 to Allen et al and US 6,838,687 B2 to Tullis et al both disclose a light source (12) disposed opposite of light source (14) with detector (22). Both Allen et al and Tullis et al do not explicitly disclose the detection of a characteristic based on a ratio of two detected lights, but both Allen et al and Tullis et al do not constitute prior art as both are commonly owned by the assignee of the instant application. As a result, independent claims 1, 15, 20, & 23 and dependent claims 2-14, 16-19, 21-22, & 24-35 are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
